THIS HCL PRODUCT**

IMPORTANT – DO NOT DESTROY

It is the customer's responsibility to have all operators and servicemen read and understand this manual.

For additional copies please contact HCL or download from www.hcl-clamping.co.uk

Fitting Instructions

STEP 1:
Feed band into fixed end
of buckle

STEP 2:
Wrap band around
application and pull
through free end of
buckle. Pull band tight by
hand

STEP 3:
Squeeze handles
together to tighten band

STEP 4:
Trim off excess band
using cutting blade

Maintenance

Although fully corrosion resistant, clean and lubricate the tool regularly to maximise its working life, especially in salt water environments.
